

To: Joint Steering Committee for Development of RDA
From: Alan Danskin, British Library Representative
Subject: Revision of RDA 11.7 and 11.13

Summary

This proposal is intended to:

1. Relabel 11.7.1.4 Names Not Conveying the Idea of a Corporate Body, as Type of Corporate Body, reword accordingly and align 11.7.1.3, 11.13.1.2.
2. Provide additional examples at 11.7.1.5 to illustrate the scope of the instruction following removal of the restriction to cities and towns.

Discussion

Change 1 11.7.1.4 Names Not Conveying the Idea of a Corporate Body

The AACR2 rule 24.4B Names Not Conveying the Idea of a Corporate Body has been incorporated into RDA as 11.7.1.4. In AACR2 Names Not Conveying the Idea of a Corporate Body were conceived of as Additions to the name of the corporate body.

24.4B1. If the name alone does not convey the idea of a corporate body, add a general designation in English.

Apollo 11 (*Spacecraft*)

Bounty (*Ship*)

Elks (*Fraternal order*)

Friedrich Witte (*Firm*)

In RDA the designation is an attribute of the corporate body. We propose changing the label at 11.7.1.4 to Type of Corporate Body. This is consistent with the label at 11.7.1.5 Type of Jurisdiction and provides more meaningful guidance concerning the nature of the information to be recorded. It is also more consistent with FRAD 4.3 Other information associated with the corporate body, which lists "types of bodes" or "types of jurisdiction".

Changing the label at 11.7.1.4 entails two further changes:

- 11.1.7.3 amend the list of elements
- 11.13.1.2 change the caption and reword the instruction.

RDA Element set:

11.7. Other Designation Associated with the Corporate Body is currently defined as a core element in RDA. We note that Names Not Conveying the Idea of a Corporate Body; Type of Jurisdiction and Other Designation are currently instructions. The proposed change would facilitate treatment as element subtypes and that such an approach would be consistent with the RDA model.
