**From:** Galen Jones, CILIP Representative  
**Subject:** Merging 3.6.1.3 Recording Base Material and 3.6.2 Base Material for Microform, Microfiche, Photographic Film, and Motion Picture Film

CILIP thanks BL for its proposed revision.

CILIP suggests that the word "film" should be added to the terms to avoid ambiguity.

A typo was noted in the paragraph headed "Justification": motion picture 'file' should be 'film'.

CILIP agrees with the proposal.
