Definitions

RESOURCE DESCRIPTION & ACCESS

Related Corporate Body. A corporate body that is associated with the person, family, or corporate body represented by a preferred access point and/or identifier (e.g., a musical group to which a person belongs, a subsidiary company). Related corporate bodies include corporate bodies that precede or succeed the body represented by an authorized access point and/or identifier as the result of a change of name.

RDA Relationship Designator for Related Corporate Body.

Alternate Identity. A pseudonymous or other identity assumed by the person.

Real Identity. A real person who assumes the alternate identity.

Explanation of Relationship. Information elaborating on or clarifying the relationship between an entity represented by a preferred access point and/or identifier and a related entity.

Source Consulted. A resource used in determining the name, title, or other identifying attributes of an entity, or in determining the relationship between entities.

Cataloguer's Note. An annotation that might be helpful to those using or revising the preferred access point representing an entity or relationship data, or creating a preferred access point representing a related entity.

Related Family. A family that is associated with the person, family, or corporate body represented by a preferred access point and/or identifier (e.g., a person's family, a family that owns the controlling interest in a corporate body).

RDA Relationship Designator for Related Family.

Family Member. A person who is a member of the family.

Progenitor. A person from whom the family is descended.

Explanation of Relationship. Information elaborating on or clarifying the relationship between an entity represented by a preferred access point and/or identifier and a related entity.

Source Consulted. A resource used in determining the name, title, or other identifying attributes of an entity, or in determining the relationship between entities.

Cataloguer's Note. An annotation that might be helpful to those using or revising the preferred access point representing an entity or relationship data, or creating a preferred access point representing a related entity.

Related Person. A person who is associated with the person, family, or corporate body represented by a preferred access point and/or identifier (e.g., a collaborator, a member of a family, a founder of a corporate body). Related persons include separate identities established by an individual.

RDA Relationship Designator for Related Person.

Employee. A person employed by a corporate body.

Founder. A person who founded the corporate body.

Group Member. A person who is a member of the performing group, expedition, etc.

Incumbent. A person holding an office in the corporate body (e.g., the incumbent president).

Sponsor. A person sponsoring the corporate body.

Explanation of Relationship. Information elaborating on or clarifying the relationship between an entity represented by a preferred access point and/or identifier and a related entity.

Source Consulted. A resource used in determining the name, title, or other identifying attributes of an entity, or in determining the relationship between entities.

Cataloguer's Note. An annotation that might be helpful to those using or revising the preferred access point representing an entity or relationship data, or creating a preferred access point representing a related entity.
