Subject: **Revision of RDA 2.7.2.3, 2.8.2.3, 2.9.2.3, 2.10.2.3 Recording Place of Production [Publication, Distribution, Manufacture]**

BACKGROUND

Currently Chapter 2 of RDA allows the name of a larger jurisdiction or jurisdictions to be included when recording the place of production, publication, distribution or manufacture only if it is present on the resource. However, there are times when this information is not present on the resource but would be useful for identification or access (for example, to distinguish the place from another with the same name).

The purpose of this proposal is to suggest that an optional addition be provided to supply the name of the larger jurisdiction if considered necessary for identification or access.

PROPOSED REVISION OF RDA 2.7.2.3

2.7.2.3 Recording Place of Production

Record the place of production applying the basic instructions on recording production statements given under 2.7.1. Include both the local place name (city, town, etc.) and the name of the larger jurisdiction or jurisdictions (state, province, etc., and/or country) if present on the source of information.

Optional Addition

Include the full address as part of the local place name if it is considered to be important for identification or access.
