Subject: **Compilers and editors of compilations – Amendments to RDA 20.2.1**

CCC thanks ACOC for preparing this proposal and agrees with the general intent to clarify the situation. We prefer the changes proposed by ALA in their response.

1) To add **editors of compilations** to 2nd paragraph of 20.2.1.1:

Contributors include editors, editors of compilations, translators, arrangers of music, performers, etc.

2) Replace ACOC proposed 3rd paragraph with the following, based on the 5th paragraph of 19.2.1.1 and the Glossary definition of editor of compilation:

For instructions on recording relationships to persons, families, or corporate bodies responsible for compilations of data, information, etc. that result in new works, see 19.2.1.
