Subject: Revision of RDA instructions relating to librettos and lyrics for musical works (RDA 6.2.2.10.2, 6.27.4.2, Appendix I.2.1 and Glossary)

CCC appreciates the work of the Music Revisions Facilitation Task Force to clarify the status of librettos as separate works from the musical composition. We support the proposed revisions at 6.2.2.10.2, 6.27.4.2, Appendix I and the Glossary. We also note that the instructions at instructions at 6.27.4.1 and 6.28.1.1 currently have lists including "librettos and other texts." To maintain consistency, we propose revisions to add "lyrics" to these lists.

Proposed revision to the fifth paragraph of 6.27.4.1:

Apply the additional instructions given under 6.27.4.2 (librettos, lyrics and other texts for musical works), 6.27.4.3 (part or parts of a work), 6.27.4.4 (compilations of works), and 6.27.4.5 (expressions), as applicable.

Proposed revision to the fourth sentence of 6.28.1.1:

For librettos, lyrics and other texts for musical works, construct the authorized access point applying the instructions given under 6.27.1.
