Subject: Revision of RDA instructions for arrangements and adaptations of musical works (RDA 6.28.1.5.2 and 6.28.3.2.2)

ACOC thanks ALA for this proposal to assist cataloguers of traditional or folk music of unknown authorship by adding examples at 6.28.1.5.2 and 6.28.3.2.2, and expanding the scope of 6.28.3.2.2 to include arrangements of traditional music.

We support the proposal, but suggest the 'Hogan, Moses' example at 6.28.1.5.2 be re-considered as there may be confusion over whether the example is for an adaptation rather than an arrangement.
