

To: Joint Steering Committee for Development of RDA

From: Alan Danskin, BL Representative

Subject: Revision of RDA instructions for arrangements and adaptations of musical works (RDA 6.28.1.5.2 and 6.28.3.2.2)

The BL thanks ALA for its proposed revision. The BL agrees with the proposal.

We note that in EURIG discussions, BNF recommended that Raymond Schmitdt's paper *Composing in real time: jazz performances as "Works" in the FRBR model* (CCQ Volume 50, no 5-7, 2012) should also be taken into consideration.
