

To: Joint Steering Committee for Development of RDA

From: Gordon Dunsire, CILIP Representative

Subject: Note on Manifestation and Item

CILIP thanks the ALA Representative for the proposed revision.

CILIP agrees with the proposal, and has a preference for Option 1.

CILIP thinks the element sub-type notes should be retained.

CILIP does not believe it is necessary to qualify the element labels: "Note on Manifestation" and "Note on Item" seem to be sufficient.
