From: Judith A. Kuhagen, JSC Secretary
Subject: Change to 2.2.4 to remove parallel title proper

The text below reflects the decisions made by the Joint Steering Committee during its November 2012 meeting. No change is now necessary in RDA 2.2.4 (had been part of the original proposal). This text will be merged with the reworded chapter 2 before it appears in the 2013 RDA Update of the RDA Toolkit.

2.3.3.2 Sources of Information

Take parallel titles proper from any source within the resource. If the title proper is taken from outside the resource, take parallel titles proper from the same source.
