Subject: Add instructions to supply terms indicating the function recorded under the optional addition provisions at 2.7.4.4, 2.8.4.4, 2.9.4.4, or 2.10.4.4, in a language and script preferred by the cataloguing agency

CILIP suggests that this provision is already covered by 1.4 "When information is supplied in an element listed at 1.4 , record the supplied information in the most appropriate language and script."

As a result CILIP rejects this proposal.
