From: Alan Danskin, BL representative

Subject: **Proposed revision to instructions 6.14.2.7.2, “Two or More Parts,” 6.14.2.8, “Compilations of Musical Works,” and 6.28.2.3, “Two or More Parts”. BL Response**

BL thanks CCC for this proposal. The BL agrees to the following changes.

- 1) revising the instructions and the examples at 6.28.2.3 in order to eliminate the distinction between consecutively numbered parts of musical works and unnumbered or non-consecutively numbered parts of musical works, and to incorporate suggestions made in [6JSC/LC rep/2](#)
- 2) revising the first example at 6.14.2.7.2 to show that two or more consecutively numbered parts of a musical work are to be identified separately
- 3) adding an alternative instruction that parallels 6.2.2.9.2 at 6.14.2.7.2, as was suggested in [6JSC/LC rep/2/CCC response](#)
- 4) deleting the instruction on inclusive numbering at 6.14.2.8.5
- 5) adding an example of an incomplete compilation of consecutively numbered musical works to illustrate the alternative at 6.14.2.8.6.
