

TO: Joint Steering Committee for Development of RDA

FROM: Barbara B. Tillett, LC Representative

SUBJECT: 12-16, 23, 33-37 (Group 3 entities and “subject”)

LC notes that this document is not a new proposal but is a response to the 6JSC/LC rep/3 document and should perhaps be renumbered accordingly.

LC disagrees with incorporating a specific subject system into RDA.

Further comments will be made as part of the discussion of the LC rep document at the November JSC meeting.
