Subject: Larger place – Revision of RDA 16.2.2.4 (Recording the Preferred Name); 16.2.2; 16.2.2.9.1; 16.2.2.9.2; 16.2.2.10; 16.2.2.10.1; 16.2.2.11; 16.2.2.11.1; 16.2.2.12; 16.2.2.13; 16.2.2.14

CILIP thanks DNB for its proposed revision.

CILIP agrees with the proposal, but is concerned at the increasing number of alternatives appearing in the RDA instructions as a result.

CILIP suggests that a more generic framework needs to be developed for RDA internationalisation.
