

To: Joint Steering Committee for Development of RDA
From: Gordon Dunsire, CILIP Representative
Subject: Discussion paper: First issue v. latest (current) issue

CILIP thanks DNB for its discussion paper.

CILIP agrees with the general proposals and recommendations of the paper, and looks forward to further discussion.

CILIP suggests that a more generic framework needs to be developed for RDA internationalisation and its impact on the RDA Toolkit. For example, the text would be clearer if it could avoid multiple references to an alternate instruction, as is the case here.
