

**To:** Joint Steering Committee for Development of RDA  
**From:** Gordon Dunsire, CILIP Representative  
**Subject:** Date of expression – Revision of RDA 6.10.1.1 and 6.10.1.3

CILIP thanks EURIG for its proposed revision.

CILIP does not agree with the proposal because of the proposed methodology.

CILIP thinks the implementation of this in RDA needs to be further developed. As it stands, the proposal is unclear and does not appear to follow RDA principles.

CILIP believes this could be a useful augmentation of RDA if the proposal was redrafted to take into account RDA principles.
