**From:** Bill Leonard, CCC representative

**Subject:** **Revision of RDA 1.6.2.2, RDA 3.1.6.1 regarding change in media type of serials**

CCC supports adding an exception for serials at RDA 1.6.2.2.

CCC proposes the following wording at 3.1.6.1.

### 3.1.6.1 Multipart Monographs and Serials

For multipart monographs and serials, if there is a change in the media type in a subsequent issue or part, create a new description (see 1.6).

For serials, if there is a change in carrier type from any other computer carrier to *online resource*, create a new description (see 1.6).

If there are other changes in carrier type (see 3.3), changes in other characteristics of the carrier (see 3.6–3.20), or new carrier characteristics, record the changed or new characteristics as instructed for those elements. Make a note if the change is considered important for identification or selection (see 3.22.6.3.1).
