

TO: Joint Steering Committee for Development of RDA

FROM: Dave Reser, LC Representative

SUBJECT: Works without titles

The following revisions are based on the JSC discussion in November 2014; the JSC will discuss these revisions via email.

Mark-up is made based on the existing RDA text. Changes from the original proposal are highlighted in yellow (except Changes 10 and 11). Please note that the numbering of changes is different from the original proposal because of additional changes agreed to at the meeting (e.g., modifications to 6.2.2.3, not part of the original proposal, are now Change 2 and modifications to 6.2.2.4 are now Change 3).

For the caption for 6.2.2.6, LC discussed many different possibilities. None of them really captured our hearts, but our best idea is "Titles in the Original Language Not Found or Not Applicable." This is the caption we have used throughout. Other ideas we had are "Works Lacking Titles in the Original Language" and "No Title in Original Language or from Resources."

LC has made these changes from the original proposal as discussed at the meeting:

- 6.2.2.2: deleted phrase "title to be used as the"
- Modified instructions at 6.2.2.3 to create a "table of contents" list per ALA response
- Replaced "has become known" with "is commonly identified" throughout per ALA response
- replaced "form of title" with "title or form of title" throughout per CCC response
- corrected spelling of "language" and typo for "Sonnets from the Portuguese" throughout
- Added caption to reference to 6.2.2.6 in final paragraph of 6.2.2.4 and 6.2.2.5 per discussion
- modified 6.2.2.5 based on agreement to use Option B sans footnote
- removed separate instructions for choreographic works
- added "some" in e.g. list at 6.2.2.6
- added new example box at 6.2.2.6.2 from Example Editor
- presented 2 options for 6.2.2.6.2 as requested at the meeting

LC has made these additional changes not discussed at meeting:

- Changed "best known" to "commonly identified" in 2nd paragraph of 6.2.2.4 based on discussion about known vs. identified
- Deleted extra space in final paragraph of 6.2.2.4
- Modified some examples in 6.2.2.4 per Example Editor

- Replaced Amis et Amiles example at 6.2.2.5 per discussion with CCC rep and Example Editor approval
- Change Exceptions to Exception at 6.2.2.5 because there is now only one
- Added "choreographic works" to e.g. list at 6.2.2.6 per ACOC response
- Added reference to 2.3.2.11 per CCC response
- Added reference from 6.2.2.7 to 6.2.2.5 exception per ACOC response
- Retained Dublin magazine examples at 6.27.1.9 per CCC response, but edited them to add initial article per Examples Editor
- Added explanation to Connecticut Commission on Children. Annual report (2005) example at 6.27.1.9 per CCC response and Example Editor follow-up email with CCC rep
- Modified Roland example at 6.27.4.1 per Examples Editor; and fixed typo in 6.27.4.1 example
- Fixed typos in 6.27.3 examples
- Added examples changes (see Change 10) based on Option B for 6.2.2.5 and 6.2.2.7 being accepted by JSC and 2 others we missed
- Added additional changes (see Change 11) to 6.19.2.2, 6.23.2.2, and 6.26.2.2 to be consistent with changes made to 6.2.2.2-6.2.2.5

6.2.2.7—Manuscripts and Manuscript Groups

For works contained in a manuscript or manuscripts (including manuscript groups), choose the preferred title by applying the instructions appropriate for the work at [6.2.2.4 RDA](#)–[6.2.2.6 RDA](#). If these instructions do not apply, choose one of these options as the preferred title (in this order of preference):

- a) a title that has been assigned to the work subsequent to its creation or compilation

EXAMPLE

Domesday book

Cancionero musical de palacio

Codex Amiatinus

- b) the name of the manuscript or manuscript group if the work is identified only by that name

EXAMPLE

Book of Lismore

Dead Sea scrolls

Tell el-Amarna tablets

- c) a devised title. Use the authorized access point representing the repository (see [11.13.1 RDA](#)) followed by *Manuscript*. Add the repository's designation for the manuscript or manuscript group. If the manuscript is a single item within a collection, add the foliation, if known.

EXAMPLE

British Library. Manuscript. Arundel 384

Yale University. Music Library. Manuscript. LM 4708

Herzog August Bibliothek. Manuscript. Helmstedt 628, folio 185–192

~~**Variant titles.** If the preferred title is chosen by applying a) or b) in this instruction and the manuscript or manuscript group has a repository designation, record a devised title as a variant title (see [6.2.3.5 RDA](#)). Construct the devised title by applying c) in this instruction.~~

6.2.2.7 Titles Found in a Non-Preferred Script

If the title of a work is found in a script that differs from a preferred script of the agency creating the data, transliterate the title according to the scheme chosen by the agency.

EXAMPLE

Preferred title for work by Avicenna. Title appears in original script as: دانش‌نامه علانی

Kapetan Michalēs

Preferred title for a work by Nikos Kazantzakis. Title appears in original script as: Καπετάν Μιχάλης

Nochnoĭ dozor

Preferred title for a motion picture. Title appears in original script as: Ночной дозор

not Alf laylah wa-laylah
not ألف ليلة وليلة

- 6.14.2.7 (new instruction in 6JSC/MusicWG/6/rev not current)
- ~~6.14.2.8.1~~ (no longer because of 6JSC/MusicWG/6/rev)
- 6.19.2.6
- 6.2.2.11.1 (see 6JSC/LC/29)

Change 11: Additional changes to other instructions based on decisions made at the meeting:

11.a. Modify 6.19.2.2, 6.23.2.2, and 6.26.2.2 to conform to changes agreed upon at 6.2.2.2. For 6.19.2.2, 6.23.2.2, and 6.26.2.2, this is a simple matter because the 6.X.2.3 instructions refer back to the general instructions at 6.2.2.3-6.2.2.7.

Note: For 6.14.2.2, we were unable to find a solution that would reconcile the wording agreed to in 6JSC/MusicWG/6/rev and allow the use of 6.2.2.6 for musical works because the other “special types of works” instructions refer back to the general instructions except for a few sub-types that are covered in the sub-instructions. The musical works instructions do not refer back to the general instructions. Does the JSC want to add a reference to 6.2.2.6 from 6.14.2.3?

6.19.2.2 Sources of Information

~~Determine the title to be used as the preferred title for a legal work created after 1500 from resources embodying the work or from reference sources. Apply the instructions at 6.19.2.3 when choosing the source of information.~~
