Subject: Clarifying Date Associated with the Person and Core Requirements

CCC supports the proposed clarification of date associated with person and core requirements.

However, CCC notes that “Period of activity of the person” appears to have been added to the first list at 0.6.4 and 8.3 in error.

CCC proposes the following wording for the second paragraph at 9.3.1.3:

Record dates either as parts of the authorized access point representing the person, or as separate elements, or as both.
