**From:** Kathy Glennan, ALA Representative  
**Subject:** 2.15.1.4 Optional Addition

ALA thanks BL for this proposal to provide guidance about recording identifiers associated with a related manifestation. We generally agree with the proposal, although we suggest a variant wording of the proposed Optional Addition, based more closely on the language used in 2.15.1.3, *Facsimiles and Reproductions*. We also believe the example needs to be modified to follow 27.1.

#### **2.15.1.4 Recording Identifiers for Manifestations**

[First two paragraphs and example blocks unchanged]

##### ***Optional Addition***

If the resource has an identifier associated with a different manifestation of the same expression, record it as an identifier for a related manifestation (see [27.1](#)).
