**Subject: Revisions to Additions to Access Points Representing
Compilations of Musical Works (6.28.1.11). Response.**

The British Library and CILIP thank the Music Working Group for the proposed revisions. We agree with the changes proposed, but have the following comments:

Change #1

Agree, but suggest following change to wording at 6.28.1 to reflect the heading

“Make additions to access points if needed to distinguish the access point for a work:”

We suggest:

MARKED UP COPY

Make additions to access points if needed to distinguish the access point for a compilation of works:

CLEAN COPY
