

**To:** Joint Steering Committee for Development of RDA  
**From:** EURIG  
**Subject:** Finnish Music Group proposed revisions for recording preferred titles of parts of musical works identified by both a number and a title (6.14.2.7.1.3)

EURIG thanks the Finnish Music Working Group for this proposal.

EURIG supports the proposal, as it corresponds to some European cataloguing traditions for constructing access points to represent parts of musical works identified by both a number and a title.
