

RSC/ExtentWG/2025/4/WCEO
12 January 2025

To: Renate Behrens, Chair, RDA Steering Committee
CC: Anne Welsh, RSC Secretary
From: Getaneh Alemu, WCEO
Subject: Formal response to SC/ExtentWG/2025/4 - Proposal for Manifestation:
extent of aggregated content

Recommendation 1.1: Create the element Manifestation: extent of aggregated content.

Approve. I would suggest adding guidance that a quantity is optional where enumeration is impractical.

Recommendation 1.2: Refer the issue of using terms from the vocabulary encoding scheme RDA Format of Notated Music for a possible source of values for Manifestation: extent of aggregated content to the RSC Music Working Group.

Approve.

Referral is appropriate to ensure alignment with established music-specific vocabulary.

Recommendation 2: Update Manifestation: illustrative content to use values from RDA Aggregated Content.

Approve.

Recommendation 3. RDA Aggregated Content Vocabulary Encoding Scheme

Recommendation 3.1: Create a new vocabulary encoding scheme RDA Aggregated Content.

Approve, with clarification.

I approve this because creating a dedicated RDA Aggregated Content vocabulary correctly separates content categories.

But I suggest adding a scope note stating that terms may be recorded with or without quantities based on context and policy, and that incomplete coverage is anticipated.

Recommendation 3.2: Recommendation 3.2: Recommended terms for RDA Aggregated Content derived from the current RDA Carrier Extent Unit vocabulary:
