Subject: Formal response to RSC/NARDAC/2025/4 - Scope note for Corporate Body

ORDAC thanks NARDAC for proposing this change to clarify the scope of Corporate Body. ORDAC notes that in this model, the application is not a “real world” concept where a ship is a corporate body. ORDAC also understands there may be discussion regarding the addition of one or more new entities to the LRM. In this case, it may be more appropriate to include events, ships, and spacecraft under one or more of these new entities in the future. In addition, ORDAC notes there is some community interest in a working group on this topic.
